

On 28th March 2007 LiSLIG KZN Branch held its first workshop entitled

“Preservation and Access: Development of Digital Libraries in SA”.

The workshop was presented by Dr. Dale Peters of DISA. The workshop was well attended by university students and librarians from different special libraries.

The workshop focused on the following:

- What is a digital library?
- Digital library opportunities for the professional development of librarians
- Digital library services for the future

The workshop was very informative and well received by all who attended. Please see the link below for details of the presentation.
